

THE PUPPY PALACE

DOGGIE DAY CARE

APRIL 2026
VOLUME 20
ISSUE 4

NEWSLETTER

Flea & Tick Season is Upon Us!

If you are applying a topical Flea & Tick preventative, please administer a day or two before attending Day Care. Dogs play with their mouths. No one wants a mouthful of chemicals. And with waterplay going on, it needs to soak in and dry.

Weather Permitting, Water Will be Flowing!

Pools, splash pads, & sprinklers will be out until approximately 3pm. This will allow pups to dry off a bit before heading home.

If you have short haired white pup, please consider sending in sunscreen. We can label it & leave it here for the season.
