

**THE FAST & FURRY-EST**  
*Retired racers Gracie and Dance are living the good life in their retirement homes. They are always fashionable in the colder months!*

## **GATE MANNERS**

As we gear up for fall and winter weather, the day care starts to experience more and more transition periods throughout the day. This involves going inside and outside for potty breaks. On a cold or rainy day, the group can experience as many as many as 10-14 transition times throughout the day.

To paint a picture of what we are trying to accomplish, we have 40-60 dogs trying to exit through a single doorway at a time. To do this safely, we back the dogs up into a semi-circle and allow them to exit in a slow moving, single file line. This is the safest way to prevent injury to the dogs and staff. It is our best way to have "controlled chaos".

Dogs that push through the crowd, jump over others, or are overly vocal can increase the anxiety and energy of the group, which is the leading cause of any altercation that may happen.

While it may seem unimportant, waiting their turn patiently is one of the most crucial skills in day care. It is not something we take lightly!

You may start receiving feedback about your dog at our gates over the next few weeks. This is common as we start moving around more. Please continue working on sitting and waiting at doorways, gates, and even exiting the car to help get your dog into the habit. If you have any questions, don't hesitate to reach out!

## FOOD AND SUPPLY DRIVE

Starting Monday October 31st and ending on Friday November 19th The Puppy Palace will be collecting food and supplies for The Lehigh County Humane Society. Attached you will find a wish list!

### TESSA

Tessa is half dog, half lemur! Or at least that what her ears look like!! Tessa was born and raised in the tropics, so she is always moving as if she is still on vacation. She is never worried about what's coming next, as long as she knows its one of her mom's home-made cookies!

Tshirt: \$10

Costume: \$10

G is showing off our tennis ball prototype!

### DEWBERRY

*Dewberry, or Dewey if he's among friends, started off as the president of the bad boys club. He was always spray painting the bathroom stalls and listening to rock n roll. Now he's an upstanding canine citizen thanks to his mom's hard work. We love you Dewey!*
