Vaccine Protocol

Did you know we have a CVT (Certified Veterinary Technician) on our team?
Keeana has always done a great job keeping our team up to date on new developments in canine health.
Recently, the Lepto Vaccine has been classified as a CORE vaccine (like Rabies & Distemper). Conversations about vaccination protocol has become commonplace in light of this change.
Attached, you will find a review of common vaccines administered by your vet. PLEASE have a conversation with them about what is best for your pet. We want to keep every pup safe and healthy!

Shots

Reminder that Guests will NOT be allowed to attend Day Care if their Rabies vaccine is expired by MORE than 7 days!
With this is mind, please make those annual exam appointments early, as offices are booking out past a month in some cases.

The Annual Food & Supply Drive

Last month, we again partnered with the Lehigh County Humane Society for our Annual Food & Supply Drive.
Thank you for your generosity, as we filled their van this year!
