

# THE PUPPY PALACE

APRIL 2025  
VOLUME 19  
ISSUE 4

DOGGIE DAY CARE

## NEWSLETTER

### Dogs on Leash

Please keep your dog on a leash when entering and leaving the office. While all of our guests get along, many act differently when attached to Mom or Dad. If you are in need of a loaner leash, just say the word!

We always have them.

Really appreciate your help as we try to ensure every pup and human enters and exits safely.

### Bath Time

Spring is just about here! Time for a Bath and a REALLY good brushing! The ladies at our Canine Spa can help you! Call 610-216-0279 to schedule. Ask about adding the service on after a day of play!

## Got Your Dog License?

Good! Please share the license number with us, and we will update your dog's account. Licenses are required by the law in the State of PA.

We are subject to random inspections by the Dog Warden. She will check for license numbers.

## Pick Up

And all guests need to be picked up by 7pm. We get it. Things happen, like traffic. If that is the case, please give us a ring. For safety reasons, you are also welcome to have a list of folks on file that are authorized to pick up.

## Drop Off

Just a reminder that we ask all guests to join us by 10am.

Why then? That is when the team splits up the guests by activities. A dog arriving after 10am removes a team member from the play yard at a critical time. It is a safety issue. We appreciate your understanding. It is not an arbitrary time. There is reasoning behind it.

Flea & Tick Season is here! Time to Apply Meds
