Covid-19 Update

Wow! What a crazy couple of weeks this has been. If someone would have told us in January this was going to happen, we would've called them crazy!

Please know that the staff has been working diligently to get us back up and running as quickly and safely as possible. We have been using this time to disinfect and clean from top to bottom to ensure that everyone, human and dog, remains healthy once we can open again.

We are looking to implement new drop off and pick up protocols once we are open to allow us to keep staff and client healthy. Please be patient with us as we work out the kinks in our new system. We may limit the amount of the dogs attending daily to ensure we can run smoothly at first and build up our numbers day by day. We will send out a notification through email, Facebook, & Instagram once we are ready to be open and with instructions on our new health protocols.

The staff has also been using this time to complete our Fetch Find training, allowing us to continue to be as knowledgeable on safe group play activities.

Unbeknownst to you all, for the last couple months we have been looking to update our play areas by putting in new flooring. We were planning on closing for a few days over the summer to get this done, but since this happened, we have decided to go forward and get it done while we are closed. This new epoxy floor will not only be beautiful to look at, it is also the same product used in hospitals and pharmacies and will be very easy to sanitize.

We are very lucky to have the support of our community behind us, so we want to say Thank YOU for all the kind words and gestures. We cannot wait to see everyone soon.

Finally, we want to thank all of the essential workers out there keeping us safe and healthy. Thank you to our Doctors, Nurses, Hospital Staff, Delivery Drivers, Veterinarians & Vet Staff, Grocery Store Workers, and everyone for listening to the mandates that are keeping us safe.

Hope to see you all soon! Stay safe and healthy & continue to send us pictures of your dogs on Facebook. Seriously. We miss them!!!!
